REAL ESTATE LEADERS

MODERN LUXURY SPOTLIGHT

JILL SILVERSTEIN

THE JILL SILVERSTEIN GROUP
PRESIDENT

Since founding The JS Group in 2016, Jill Silverstein ranks in the Top 30 Chicagoland Agents with impressive sales totaling \$375 million, while her team is consistently recognized in the top 1% of all Chicago brokers. Her carefully cultivated industry relationships, local and nationwide, give clients of The JS Group access to private channels and get ahead on both ends of a transaction.

Silverstein embodies four personal principles: passion, kindness, energy and speed. "We want to be in our clients' lives forever, ensuring they are set up for success today and with longevity in mind," she shares. Silverstein finds accomplishment in serving others and enjoys chasing accolades, of which she has many. This top real estate leader embraces a hustler mentality inherited from her entrepreneurial family and credits her father and fiancé as her career mentors.

Chicago is making a comeback, thanks to its affordability in relation to other major U.S. cities. "Downtown markets will be soaring soon; I am excited to continue selling the skyline and all of our offerings," she adds. Equipped with a broadcast journalism degree from Michigan State, Silverstein enjoys the connectivity social media brings to real estate, saying, "I love the on-camera aspect, allowing clients to see inside homes I represent and into my personal life."

Gold Coast has been Silverstein's home ever since graduating college. "With the waterfront as my backyard, the vibrancy of the culinary scene, the shopping, culture and amazing architecture, Gold Coast represents Chicago's true flavor," says Silverstein. Now living in her fifth condo in the neighborhood, which received a complete makeover, Silverstein looks forward to future renovation projects with her fiancé.
